A Report on State Level Model Making Competition

Date: 25th September 2024

Venue: K.V. N. Naik Shikshan Prasarak Sanstha's, Institute of Pharmaceutical Education and Research, Nashik

Organizers: KVNNSPS's Institute of Pharmaceutical Education and Research (D. Pharmacy), Nashik.

A Model Making Competition on the theme "Pharmacist: Meeting global health needs" was held in Krantiveer Vasantao Narayanrao Naik SPS's Campus 25th, 2024 at 11:30 pm. The purpose behind organizing this competition was to encourage the students to come up with new and innovative ideas and to enhance their thinking skills. The chief guest of the event was Prof.(Dr.) A. B. Darekar principal of KVN Naik, IoPER. Said the purpose of World Pharmacists Day, which was brought to life at the FIP Council 2009 in Istanbul, is to encourage activities that promote and advocate for the role of the pharmacist in improving health in every corner of the world. Pharmacists are the reason why people get the best from their medicines, they are using their experience, knowledge, and expertise to make the (medical) world a better place for everybody. Moreover, they give access to medicines, advise people on how to properly take them and so much more.

Since 2020, the FIP has also launched World Pharmacy Week to extend the celebrations to include all aspects of the pharmacy profession.

The pharmacy profession fulfills health requirements in many ways on a daily basis. The FIP World Pharmacists Day initiative, titled “Pharmacists: Meeting global health needs” serves as a platform for the profession to commemorate its contributions to enhancing health worldwide. Moreover, it presents an occasion to underscore our capacity for further enhancing global health outcomes.

The International Pharmaceutical Federation (FIP) invites colleagues from all sectors of the pharmacy profession to take part in the campaign and reminding decision-makers and the public how the role of pharmacists in meeting health needs remains crucial for building healthier communities everywhere.

The global health landscape is increasingly complex and interconnected, emphasizing the necessity of promoting good health and robust, sustainable healthcare systems worldwide while addressing health disparities. The COVID-19 pandemic underscored this imperative. Consequently, many countries and organizations have devised new global health strategies aimed at tackling pressing challenges both current and future. These challenges encompass issues such as limited access to healthcare, shortages of medical professionals, antimicrobial resistance, climate change, air pollution, HIV, and emerging infectious diseases.

Various models with different concepts were prepared and presented by the students. Total 38 students participated in the competition. The judges of the competition were Prof. Amol V. Kotkar and Prof. Manoj J. Jagtap. The Models of participants were evaluated on the basis of Creativity & Originality, Overall appearance, Organization & flow of information & Clarity of the content. The 1st prize of this competition was bagged home by Prachi Rajguru and Jasleen Rajput, the students of MGV Pharmacy College and 2nd prize winners were Komal Changle and Anamika Hire, the students of KVNSPS's Institute of Pharmaceutical Education and Research. The 3rd prize was given to Sheetal Khairnar and Chitra Khairnar, from MET's Institute of Pharmacy.

All other participants were given the participation certificates and were highly praised by the guest and judges. The vote of thanks was given by Prof. S. L. Patel. All other faculty and non teaching staff worked hard to make the event a grand success.
